

ETCAL Level 2 Certificate in Rail Engineering (Technical  
Knowledge)  
603/5700/9

## Qualification aim

This qualification enables learners to develop the skills and knowledge to underpin the requirements of the role as a rail engineering operative. There may be learners who have limited prior experience in rail engineering but have the ability to achieve a Level 2 qualification. Operatives who are working in a railway engineering track maintenance environment and would like to work towards a relevant Level 2 qualification, those who are new to railway engineering track maintenance but are looking for a career change and wish to develop new skills within the industry.

## Qualification introduction

This qualification is made up of is made up of three mandatory units that will help learners to develop skills and capabilities relevant to the sector. It provides evidence of competence for job roles such as a track operative and will help the learner to acquire the self-confidence and motivation to take advantage of the many opportunities for their progression and development within the industry. This qualification forms part of the requirement to achieve the Level 2 Rail Operations apprenticeship standard.

## Assessment

In order to achieve this qualification a learner must complete all units as mandatory. The assessment criteria determine the standard required to achieve each unit and allow for a variety of assessment methods to be used as appropriate to the environment the qualification is delivered in. There is no examined assessment element in this qualification.

## Progression

On completion of this qualification learners will be prepared to progress to level 2 and 3 qualifications in a range of occupations within the sector.

## Achievement

Learners must achieve a total of 27 credits, by achieving the three mandatory units of the qualification.

<b>Qualification Number</b>		603/5700/9
<b>Qualification Framework</b>		RQF
<b>Title</b>		ETCAL Level 2 Certificate in Rail Track Engineering Operative (Knowledge)
<b>Qualification Level</b>		Level 2
<b>Guided Learning Hours</b>		270 GLH
<b>Total Qualification Time</b>		270 TQT
<b>Qualification Credit Value</b>		27 Credits
<b>Qualification Grading Structure</b>		Pass / Fail

Unit Title	Mandatory/Optional	GLH	TQT	Credit Value	Grading
Working in the rail engineering industry	M	90	90	9	Pass/Fail
Rail engineering principles	M	90	90	9	Pass/Fail
Rail engineering practices	M	90	90	9	Pass/Fail
<b>Total</b>		<b>270</b>	<b>270</b>	<b>270</b>	<b>Pass/Fail</b>
